

POST-WORKOUT NUTRITION

Extensive scientific research has shown that there is a 60-minute "window of opportunity" immediately following exercise when muscle cells are maximally primed to repair, rebuild, and adapt from a workout. Proper post-workout nutrition is a key factor in how quickly and completely your body will recover and benefit from and adapt to exercise.

P90X® RESULTS AND RECOVERY FORMULA

This formula was specially designed to provide the precise nutrients you'll need to achieve maximum results from your P90X workouts. No other recovery drink offers this unique mix of:

- SIMPLE AND COMPLEX CARBOHYDRATES FOR OPTIMUM ENERGY RECOVERY AND TO HELP REDUCE MUSCLE SORENESS*
- A HIGH PER[‡] BLEND OF PROTEINS PROVIDING BUILDING BLOCKS FOR MUSCLE REPAIR AND GROWTH*
- GENEROUS LEVELS OF VITAMINS INCLUDING THE ANTIOXIDANT VITAMINS C AND E TO HELP REDUCE MUSCLE SORENESS AND ASSIST IN REPAIR AND GROWTH*
- A SMALL AMOUNT OF CREATINE TO BOOST PERFORMANCE WITHOUT ADDING BULK*

DIRECTIONS: Mix 2 scoops (60 grams) into 12 ounces of cold water. For maximum benefit consume within 1 hour after your workout.

Taking P90X Results and Recovery Formula within 60 minutes of completing your workout not only delivers the nutrients essential for recovery today, but it sets the stage for a more energized and improved workout tomorrow!
