

Redbarn's unique, low temperature cooking process helps retain vital minerals, vitamins and nutrients in the meat and helps prevent protein denaturation. These all-natural food rolls are more convenient than feeding a raw diet. Our Beef Roll is made with over 50% real meat and AAFCO certified for all life stages, from puppies to senior dogs. Just slice and cube the food and it is ready to serve.

Redbarn Rolled Food has a new look and enhanced formula!
