Frederic, the Little Fisherman of Avignon Statue

Thank you for your recent purchase of this Design Toscano Statue for indoor or outdoor use.

For anyone who has thought fondly of childhood days spent at the water's edge, this centerpiece for your garden wall, or accent piece resting on your favorite fisherman's desk, is a heartwarming work of art. Cast in two-toned designer resin exclusively for Toscano, Frederic is incredibly detailed, from his floppy hat to the finned fish dangling on his pole. We have taken great care to create this piece especially for you. Please review these instructions and assemble this piece with care.

Step 1

Gently insert the wood dowel "fishing pole" into the casted hole in Frederic's hands.

Step 2

When deciding on a spot for Frederic, we strongly suggest that this sculpture be positioned out of direct wind. A sudden gust of wind may cause the fish to swing radically, causing the statue to fall from its perch.
