

HEATED SEAT CUSHION

Thank you for choosing this fine product from GRIOT'S GARAGE. The HEATED SEAT CUSHION is the right foundation for healthy, ergonomic sitting. Formed with high quality foam and covered with robust material that's easy to clean. Enjoy the best.

USEFUL INSTRUCTIONS

Your 12-volt cigarette lighter socket powers the integrated heating element (seating surface only). The heat is controlled manually with the four-position switch for low and high heat settings up to 75-watts maximum and two off positions for easy operation.

The base of the HEATED SEAT CUSHION uses two plastic anchors that fit between the seat back and seat base (See figure A). Slide the anchors between the seat back and seat base as pictured (See figure B).

The top of the HEATED SEAT CUSHION is secured to the headrest support posts using two plastic quick clamps (See figure C). To tighten the clamps simply squeeze the two serrated locking tabs together. To loosen or remove the clamps you need to slide the locking tabs sideways across the teeth until free.

Set the height of the seat back using the adjustable tether straps. Secure the straps to the pad with a non-movable hook and loop attaching strips.

The lumbar support and seat wedge can be adjusted using the non-movable hook and loop attaching strips (See figure D).

WARNINGS AND CAUTIONS

The power plug at the end of the cord houses a miniature 5-amp fuse. To replace the fuse remove the small phillips-head screw securing the two-piece housing. Remove the red tip of the socket by rotating it counter clockwise. Replace the fuse with a similar design rated for no more than 5-amps. Fuses with a greater amperage rating may cause damage to the HEATED SEAT CUSHION. Never leave the HEATED SEAT CUSHION power cord plugged in to the lighter socket unless the engine is running. The electrical draw can drain the battery.

DISCLAIMER

GRIOT'S GARAGE is not responsible for the misuse of the HEATED SEAT CUSHION or for any injury or damage incurred to any person or object related to the HEATED SEAT CUSHION.

ANSWERS TO YOUR QUESTIONS

Should you want to order another HEATED SEAT CUSHION, or for a complete selection of quality GRIOT'S GARAGE products, please write, use the internet or call us toll-free at **800-345-5789**. Reorder item number 77245.
