

GRIOT'S GARAGE CUP HOLDER

Thank you for choosing this fine product from GRIOT'S GARAGE. Your **CUP HOLDER** is simple to install and use. Easily stow your cup for convenience and safety. Enjoy the best!

INSTALLATION INSTRUCTIONS

Select a location where the **CUP HOLDER** can be fixed securely, and where the cup is easily within reach. The **CUP HOLDER** may be fixed by means of some strong double-sided adhesive tape; a sturdier installation, however, will be achieved by using the screws and washers supplied. Break out the drill points (**A**) in the upper or lower part of the housing, depending on whether you are placing the cup holder onto a vertical or horizontal surface. Mark, and if necessary, pre-drill the holes (maximum $\frac{5}{64}$ " or 2mm diameter drill bit). Make sure that you do not damage any part that may be situated behind the panel into which you are drilling. Use the supplied washer (**B**) to compensate for uneven surfaces.

CAUTION: Do not fix the **CUP HOLDER** in a position where it could interfere with the triggering or proper function of an airbag (e.g. airbag cover plate). This could endanger you or your passenger's life! To avoid spillage, we suggest that you use covered cups or containers.

DISCLAIMER

GRIOT'S GARAGE is not responsible for any misuse of the **CUP HOLDER** for any injury or damage incurred to any person or object related to the **CUP HOLDER**.

ANSWERS TO YOUR QUESTIONS
