Please carefully read, understand, and follow all safety information in this manual prior to and during use of this tool. Keep these instructions handy for future reference.
INTENDED USE
The Griot’s Garage Air Pulse Blow Gun is designed to be used as a cleaning tool. Do not exceed air pressures higher than 115 psi and always wear appropriate safety equipment. Use in any unapproved manner could lead to unsafe operating conditions.

GENERAL AIR TOOL SAFETY WARNINGS

Warning: Please read, understand, and follow all safety information contained in these instructions prior to the use of this tool. Failure to follow the warnings and instructions may result in serious injury. The term “power tool” in the warnings refers to your Griot’s Garage Air Pulse Blow Gun. Retain these instructions for future reference.

1. Work Area Safety
a) Keep work area clean and well lit. Cluttered or dark areas invite accidents.
b) Keep children and bystanders away while operating power tool. Distractions can cause you to lose control.

2. Personal & Tool Usage Safety
To reduce risk associated with pneumatic pressure and other mechanical hazards:
a) Practice safety requirements. Work alert, have proper attire, and do not operate tools under the influence of alcohol or drugs.
b) Operators and other personnel must always wear protection for eyes, ears, and respiratory protection when in the work area or while operating this product. Follow your employer’s safety policy for PPE’s and/or ANSI Z87.1 or local/national standards for eye-wear and other personal protective equipment requirements.
c) The Air Pulse Blow Gun causes considerable noise pressure. Please wear hearing protection in order to avoid noise pressure. Please wear hearing protection in order to avoid potentially damaging sound exposure.
d) Small particles may be whirled into the air during use. Wear appropriate goggles or glasses to prevent eye injuries.
e) NEVER point the Air Pulse Blow Gun towards the face or body of yourself or anyone else.
f) Never operate the Air Pulse Blow Gun with more than 120 psi.
g) Keep Air Pulse Blow Gun out of reach of children.
h) To reduce risk of injury, everyone using, installing, repairing, maintaining changing accessories on, working near this tool must read and understand these instructions before performing any such task.
i) This tool and its accessories must not be modified.
j) Always shut off air supply, release pressure and disconnect tool from air supply when not in use, before changing accessories, or when making repairs.
k) Whipping hoses can cause serious injury. Always check for damaged or loose hoses and fittings.
PRIOR TO TOOL OPERATION

The tool is intended to be operated as a hand held tool. It is always recommended that while using the tool, operators stand on a solid floor, in a secure position with a firm grip and footing.

⚠️ **Caution:** Use a constant, clean air supply that will give a measured air pressure at the tool of 58 to 115 psi when the tool is running with the lever fully depressed. It is recommended to use an approved 3/8” (10mm) hose with a 50’ (15.24m) maximum length.

**Note:** Constant air rates vary depending on size and power of the air compressor.

USAGE

Your Griot’s Garage Air Pulse Blow Gun has a detachable brush set. The Air Pulse Blow Gun may be operated with or without the brush attachment installed.

To remove brush attachment, gently apply slight outward pressure to the retainer levers on the cone nozzle. To install, align pins on brush set with retainer levers and apply light pressure until brush seats into cone nozzle.

The Air Pulse Blow Gun comes equipped with an Air Pulse Firm Brush attachment.

Air Pulse Firm Brush - Item # 90554
Perfect for intense cleaning action addressing dirt and grime on vinyl, carpet, upholstery, door panels. Our recommended brush for cleaning Microfiber and Foam Buffing Pads during use.

MAINTENANCE

a) Following use, submerge cleaning brush set and nozzle into clean water, pull trigger and run for 20 seconds.

b) Replace damaged parts immediately. The rotate-set, nozzle, hoses, and gaskets are consumable parts.
Product Use
All statements, usage recommendations, and technical information contained in this manual are based on tests or development that Griot’s Garage has deemed reliable. However, many factors beyond Griot’s Garage’s control can affect the use and performance of this Griot’s Garage product in a certain application, including conditions under which the Griot’s Garage product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely in the user’s knowledge and control, it is critical that the user evaluate the Griot’s Garage product to determine whether it is suitable for a particular purpose and the user’s method of application.
