Maker Fun Factory Sparks Imagination!
Here’s How:

**Jaw-Dropping Experiences**
*Kids discover they’re lovingly crafted by God.* On this interactive adventure, curious kids become hands-on inventors and experience God—the ultimate Maker—in new and wildly creative ways!

**Easy-to-Learn Bible Truths**
*Kids discover important truths*—and dive right into the Bible. At Maker Fun Factory VBS, kids learn one important Bible Point each day, and it’s reinforced often through Bible adventures, key Bible verses, songs, snacks, and hands-on explorations that help children know they were created by God and built for a purpose!

**Interconnected Lessons**
Like gears in a machine, every part of Maker Fun Factory VBS works together to produce an experience that really connects kids with Jesus. It’s a finely tuned engineering masterpiece that involves every member of your team and every experience to change kids’ lives forever!

Here’s Why It’s Called the “Easy” VBS

Maker Fun Factory works like this...

Each day kids go on adventures through field-tested stations with their Crews (small groups of up to five kids and one leader). Each station is designed to reinforce the daily Bible Point in a hands-on, interactive way that keeps everyone engaged. It’s fun, faith-filled, and easy!

**EASY for leaders**
Each leader preps only 20 minutes of daily material.

**EASY to remember**
A single Bible Point is reinforced daily at every station.

**EASY for making friends**
Small multi-age groups stick together.

**Sound Wave Sing & Play**

We’re praying your Maker Fun Factory VBS will allow God’s love and purpose for each person to come to life like never before...touching lives, changing hearts, and drawing kids and adults closer to the God who created them.

In Jesus’ name, amen!
At KidVid Cinema, children watch the KidVid™ Stories: Created by God DVD, where they “meet” real kids who are using creativity, imagination, and other gifts God gave them! These inspiring true stories will connect in a powerful way with children at your VBS. We know this is true because we’ve seen it happen!

KidVid Cinema is more than just time to watch a movie; this is a station where kids really dig into life application. In our field tests, we’ve discovered that the mix of video and discussion is an excellent tool for reaching a variety of learners.

These real-life stories connect with children of all ages, engaging them in faith conversations, transforming hearts, and helping them discover what it really means to embrace the way God made them.
The Purgamonsters Lego Robotics team works on complex creations and shares how they are complex creations made by a loving God.

Buddies Austin, Josh, and Alex didn’t want anyone to feel left out, so they created a Buddy Bench for kids in their school. God is with us, just like a best buddy!

Max knows that God made him with an incredible mind for science and believes that he can use that gift to do big things!

Addy has to conquer her fears and trust God as she jumps, balances, and flips on horseback!

Kyle was sad when he found out that he had something called diabetes. But he knows that God always loves us—in good and bad times.

KidVid Really Connects!

“Kids really get it!“

“My daughter was so moved by the story of the little girl donating her hair that when she got home she immediately wanted to donate her hair. Mission accomplished!”

- Parent of a 2016 VBS participant

See kids living out faith!

“I teach KidVid and LOVE the true stories of kids living out their faith in their daily lives! I think it makes it so much more real to the kiddos.”

- Kari E., VBS station leader

Imagination Station

Spark Imagination With Faith-Building Fun!
Imagination Station is where kids use Sciency-Fun Gizmos™ to experiment, explore, AND discover Bible truths in fascinating ways:

- Each surprising experiment connects directly with the day’s Bible Point.
- All experiments are VBS-ready, kid-approved, and sooo fun!
- Every activity encourages kids’ creativity and faith discovery.
- All experiments are innovative, safe, and doable—tested in real churches to ensure success every time.
- Learning activities and gizmos are exclusively for you—available only at your Maker Fun Factory VBS.

Plus, kids get to keep their Imagination Station gizmos! Send each gizmo home with the daily “Try This at Home” sticker that encourages faith exploration at home with family and friends!
DAY 1: GOD MADE YOU

G.U.T.S.Y. Bear
God’s Unique, Talented, Special You! On Day 1 of Imagination Station, kids learn that we are all highly complex creations of God, then they fill their own bear with unique “guts,” like cellophane, stuffing, and yarn. No two bears will be the same—a reminder that God created us all to be one-of-a-kind! Ages 3+.

Seeing Helps Believing!
At Maker Fun Factory VBS, you’ll encourage kids and adults to look for God Sightings—everyday clues that God is present, passionate, and powerful. Your kids (even preschoolers!) will discover they can catch sight of Jesus’ love and light every single day in unexpected, powerful ways. Why? Because they finally have eyes to see...and at last, they’re looking.

God Sight Light String
Each day at Sound Wave Sing & Play, Crews light up VBS with their God Sightings. Starting on Day 2, they’ll add a God Sight Lightbulb to the front of the set. These colorful bulbs light up when connected to the light string, making a bright and beautiful reminder for kids that God is still at work in all of creation, including them! The God Sight Light String is 19 ft. and includes 20 screw-in colored lightbulbs (enough for 5 Crews for the week).

Pour Out Living Water

Imagine rising at dawn, grabbing a bucket, and heading down to the muddy banks of the river to get your family’s water for the day. The water you pull up is brown, murky, and filled with sediment. You have to get the water early to allow time for the dirt to settle to the bottom. Even then the “clean” water at the top will be filled with parasites that could make your family sick.

This is a daily reality for countless rural villagers throughout Peru...families who don’t have access to safe, clean drinking water. Digging effective wells is expensive and must be done by professionals who can dig deeply enough to find sustainable water sources.

This summer Operation Kid-to-Kid is mobilizing millions of children to help bring clean water to families in remote villages in Peru. At Maker Fun Factory VBS, participants will partner with Group Cares and Living Water International to help provide sustainable wells throughout Peru.

Just $5 per person provides clean water for an entire year for a child in a remote Peruvian village!
Clean Water for Peru Display
Each day at VBS, you’ll give kids an opportunity to bring in monetary donations that they can drop into this 3 ft. x 3 ft. “well.” As the donations rise to the top, they’ll be like the life-giving water reaching kids in some of Peru’s most remote areas. Wow! What a great visual reminder of how your VBS is bringing a refreshing, life-saving resource to kids in Peru.

Why Can’t I Copy the Songs?

Your Easy VBS features amazing songs created by top Christian music pros. Because they own the songs, they’re paid a royalty each time we distribute their work—and we can’t legally give you permission to make copies. Thanks for understanding!

Incredible doesn’t even come close to describing the music! It’s heavenly with eternal impact. This music gets way down deep in your spirit and sticks!

-Michele T.

Group VBS music is done with excellence. What more needs to be said? Their music is well-written, modern, and made with a sound that both kids and adults can enjoy together. You’ll be singing the songs for hours, even years after your VBS experience!

-Chris M.

I have been the Sing & Play lady for 13 years! These songs go deep into kids’ hearts and they remember how much God loves them every time they hear the songs. Group VBS music ROCKS!

**WARNING:**

CHOKING HAZARD—Small parts. Not for children under 3 years.

**WARNING:**

CHOKING HAZARD—Children under 8 yrs. can choke or suffocate on uninflated or broken balloons. Adult supervision required. Keep uninflated balloons from children. Discard broken balloons at once. Balloons may contain latex.

**WARNING:**

PLASTIC BAGS—Plastic bags can be dangerous. To avoid danger of suffocation, keep this bag away from babies and children. Do not use in cribs, beds, carriages, or playpens. The thin film may cling to nose and mouth and prevent breathing.
