### FINISHING

Weave in ends.

Fold bag flat. Sew ends of handles to bag 3½" [9 cm] from sides of bag.

Cut a vertical 4½" [11 cm] wide strip from one plastic canvas sheet and one felt sheet. Using the measurement or tracing of the bottom of the bag after Round 7, cut the plastic canvas to that measurement and cut the felt ½" [1.3 cm] larger all the way around. Pin together and sew the felt to the canvas, covering the cut edges with the excess felt. Place in bottom of bag felt side down. Secure with thread around the bottom of the bag.

With remaining canvas, arrange the sheets to make a circle that fits into bag, overlapping canvas edges by ½" [1.3 cm]. Trim excess from circle and at top of bag. Sew overlapped edges together.

With remaining felt, arrange the sheets to cover the outside of the canvas circle, overlapping edges and allowing an extra ½" [1.3 cm] at top and bottom. Trim excess. Sew to canvas circle, covering the cut edges with the excess felt. Place in bag with the felt side next to the bag so that the canvas will not show through. Secure with thread around the bottom of the bag.

Cut lining cloth 10" x 29" [25 cm x 74 cm] for bag and 4½" x 11" [44 x 28 cm] for bag bottom. Check for fit inside the bag, then remove, adjust if necessary and sew side and bottom seams with ½" [1.3 cm] seams. Insert finished lining into bag and sew to bag closely below the bag edging; tack to canvas around bottom.
