Please retain these instructions for future reference

Remove the plastic battery protection tab before first use

Your Talk Point™ contains three LR44 batteries

Batteries should only be changed by adults

Remove exhausted batteries from your Talk Point™

Only use batteries of the same or equivalent type as LR44

Insert batteries with correct polarity

Do not allow your Talk Point™ to come into contact with water or other liquids

Do not mix old and new batteries

Do not mix alkaline, standard (carbon-zinc) or rechargeable (Ni-Cd) batteries
Operation Guide

1. Slide the slide switch on the bottom to REC
2. Press and hold the top button. The LED will light and user can speak into the microphone on the bottom of the unit for up to 10 seconds
3. Release the top button when the recording is complete
4. Slide the slide switch to PLAY
5. Press and release the top button. The unit will play back up to 10 seconds of recording and flash the LED briefly when complete
6. When unit is idle, please slide the switch to OFF to conserve batteries
