Twist™ Flexible Digital Microscope

Before using your Twist™ Flexible Digital Microscope, please read all instructions carefully. This guide contains vital information for safe and effective use of the instrument. Please retain these instructions for future reference.

- Please retain these instructions for future reference.
- Do not allow your Twist™ Flexible Digital Microscope to come into contact with water or other liquids.
- In the event of an electro-static discharge, your Twist™ Flexible Digital Microscope may malfunction. In this case, you may need to disconnect from the computer to reset it.
- Warranty is void if the case is opened for any reason.
- The warranty does not cover any data loss from the unit nor any consequential loss of information.

FCC compliance

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

In the event of an electro-static discharge, your Twist™ Flexible Digital Microscope may malfunction. In this case, you may need to disconnect from the computer to reset it.

Know Your Twist™ Twist™ Controls

There are two buttons on the base of the Twist™:

- Press the snapshot button to take a new picture.
- Press the Light button to turn on the LEDs.

In addition to the camera button, Twist™ has a 3.5 mm mono jack socket so that external switches can be used to take pictures.

To adjust the focus, rotate the adjustment wheel slowly until the image on the screen is clearly displayed.

Marking on label shows reference figure for measurement (for user with "Flexi-measure" software only).

Using the Twist™/Flexi-Scope™ software

To start the program, go to "Start" > "Twist™/Flexi-Scope™".

Click this icon to launch the "Flexi-Measure" application.
Click this icon to launch the program.
Click this icon to take a snapshot. Pictures taken will be stored in the folder C:\MyPic130 by default.
Click this icon to take a video. Video settings will be stored in C:\MyVideo130 by default.
Click this icon to launch the "Flexi-Measure" application.
