

# Predator 17" Automatic Scrubber

- Durable roto-molded housing is virtually indestructible
- Parabolic swing squeegee for effective solution recovery on tight turns
- 200 RPM brush speed for aggressive cleaning performance
- Low-profile, ergonomic design provides easy maneuverability
- In-line solution capacitor controls solution flow optimizing cleaning times
- Fully removable solution tank provides quick access to the batteries for routine maintenance
- Powerful .75 hp, 2-stage tangential discharge vacuum motor
- Quick release solution and recovery tank drains for effortless clean-up
- Simple to use controls for easy interface with machine
- Backed by an outstanding warranty – 5 year housing, 2 year brush motor, 1 year parts and labor.

# Powr-Flite®

800.880.2913

[www.Powr-Flite.com](http://www.Powr-Flite.com)

The compact design of the Predator 17 is a true labor-saving alternative to a mop, bucket and wet/dry vacuum.

Fully adjustable parabolic swing squeegee provides complete solution recovery even on the tightest turns.

Removable recovery tank provides easy access to internal components.

Simple control panel includes key switch, battery meter and hour meter.

The all new Powr-Flite PAS17 Automatic Scrubber is the simplest, most durable and user-friendly machine in Powr-Flite Predator Series of Automatic Scrubbers. Solution flow is activated by the brush/pad driver to conserve water and cleaning chemicals, while the parabolic swing squeegee picks up all the solution even on the tightest turns. Easy to use, easy to clean and easy to transport, the Predator 17" takes cost-effective floor scrubbing to new levels!

MODEL SPECIFICATIONS	
Item #	PAS17BA-BC
Cleaning Width	17"
Squeegee Width	Fully adjustable parabolic swing squeegee, 30"
Solution/Recovery Tank	11/12 gal.
Brush Motor	.75 hp, 200 RPM
Cleaning Efficiency	12,700 ft <sup>2</sup> per Hour
Voltage	24V DC
Vacuum Motor Power	.75 HP, 2-stage tangential discharge
Weight (Without Batteries)	210 lbs.
Length x Width x Height	49" x 26" x 44"
Batteries	12 volt, 115 a.h. @ 20 hr. rating (wet)

**Warranty: 5 years - tanks, 2 years - brush/vacuum motors, 1 year - parts and labor**
